

6th European Conference | Trade & Power Biomass PowerON 2024 9-10 October 2024, Copenhagen, Denmark

Website

After last year successful edition with over **110+** biomass specialists and nearly **30 excellent speakers**, we have pleasure to invite you to the **6th European Conference Biomass PowerON** taking place on **9-10 October 2024**. This year we are moving to **Copenhagen, Denmark**.

The Global Biomass market is anticipated for significant growth from 2024 to 2031. With steady expansion in 2023 and increasing strategic initiatives by key players, the market is anticipated to grow. Europe, in particular, is exploring biomass and pellets as important alternatives amid the current energy crisis and mounting concerns over environmental sustainability. Transitioning to these renewable sources for heat and power is pivotal for enhancing European energy security and combating climate change.

This year we are focusing on the utilization of biomass and pellets for generating heat and power, the pivotal role of bioenergy in decarbonization efforts, and the forest industry's outlook regarding the escalating demand for wood biomass and pellets. Moreover, with ongoing dialogues within the EU concerning policies and regulations pertaining to green solutions and the positioning of biomass within them, we'll delve into policies and regulations on the bioenergy sector.

Early confirmed speakers and engaging topics for discussions...

Early Confirmed Speakers from biomass operators, traders, technology companies :

Michael Hjorth Christensen, Chief Operating Officer, **CM Biomass**

Gilles Gauthier, Research and Business Development Manager, **Hawkins Wright**

Lauma Kazuša, Head of Market Analysis, **SUEZ**

Ennio Prizzi, Policy Officer, **Bioenergy Europe**

Bharadwaj Kummamuru, Executive Director, **World Bioenergy Association**

Henrik Brodin, Head of Energy, **Södra**

Michael Hecquet, Head of R&D Advanced fuels, **TotalEnergies**

Didzis Palejs, Biomass trade development, **Cellmark**

and many more...

Key topics include:

Peering Ahead: Navigating the Industry's Tomorrow

Opportunities and challenges in the biomass market

REPowerEU plan and place of biomass among renewables

Carbon accounting connected to forestry and biomass use – threat or opportunity?

Financing bioenergy projects – opportunities and challenges

Booming demand for pellets – how to increase and source more?

Transportation, storage, and supply chain management

Reducing trade risk and increasing efficiency – what needs to be done?

Strategies for optimizing biomass power plant operations

The latest technologies enhancing operational efficiency

Sourcing wood biomass and the risk of deforestation

Biomass gasification - scaling up and increasing its potential

Role of biomass plants in circular economy

Thermal Conversion Processes : pyrolysis and gasification

Biomass pyrolysis and gasification reviewed

Progress in CHP technology

And many more

Request Agenda

Special Early bird offer 1295EUR valid until 24May2024

Save 400EUR!

Regular rate is 1695EUR inc. access to all the sessions, networking, lunches, refreshments, drinks reception and documentation from the event.

Register Online

Conference will have a limited exhibition spaces and seating available.
Save a seat today.

On the day before the main event, on **8th October 2024**, a limited number of conference participants have a unique opportunity to visit state-of-the-art power plant Amagerværket.

The tour is organized thanks to HOFOR.

During the visit we will start with an introduction to the Amager power station, and its role in the Copenhagen energy system. You'll get a guided tour of Amagerværket's new power plant block, which is fired with sustainably certified biomass. The site visit allows you to experience the many large and technical installations involved in the production of district heating and electricity. The tour ends at Amagerværket's viewing platform, where you can enjoy a magnificent view over Copenhagen, see where HOFOR's biomass is being loaded and get a view of our old unit, that was using coal.

Meet our last 2023 edition sponsors and exhibitors

This event is set to bring industry stakeholders, unique content, workshops discussions and networking. Showcase your products and services in the networking area and hold meetings with leaders from the industry. The commercial aspect of the event will create you a perfect intimate environment for doing business.

Some of the companies participating in **Biomass PowerON series** included:
Kohlbach Energieanlagen * SUEZ * Hawkins Wright * Bioenergy Europe * KWA Contracting * RWE Generation NL * Uniper * Energy Crops * Doosan Lentjes GmbH * Standardkessel Baumgarte * Phoenix BioPower * Turboden * Next Marketing * Captimise * CM Biomass * Rambøll * Againty * Sumitomo SHI FW * Implement Consulting Group * Gexcon * ecoprogram * Afry * Wega Group Oy * Zollikofer GmbH & Co. AG * Mehltau & Steinfath Umwelttechnik GmbH * ELIN Motoren GmbH * Kanematsu GmbH * Brüning Group Germany GmbH * Stora Enso AB * INTEC GMK * SSGE Bioenergy * HLP Klearfold * Leroux et Lotz Deutschland GmbH * Mirion Technologies * Justsen Energiteknik A/S * Carmeuse * PCK Raffinerie GmbH * Acciona Industrial * Stadtwerke Schwerin GmbH * Mitsubishi Power Europe * Terrasource Global * Jeffrey Rader * FinCo Fuel Group * Vow * Vecoplan * Hasco Invest * BLD Holz+Transport * MCO Team * Mantex * Clyde Bergemann * Reel Moeller * Verdo Trading * J.D. Irving Limited * Franco Tosi Meccanica * VOW ASA * Norbio * Hamburger Energiewerke * Uniconfort * Engicon * BITZER Kühlmaschinenbau * Duro Felguera * Asas Energy * Bruks-Siwertell AB * HCC Hanseatic Commodity Trading * Wood Industrial Power * World Bioenergy Association * Ørsted * Baltpool * Engie * HOFOR * AffaldVarme Aarhus * Söderenergi AB * DRAX * Stockholm Exergi * DI DK * European Energy Exchange * ENCE - Energía y Celulosa * Technical University of Denmark * Baltic Control Certification * Rgrupa * Port of Aarhus * Prometec * VALMET Technologies Oy * LiqTech Holding * Morse Preservation Inc * Fjernvarme Horsens A/S * Biomasa Partner Group Sp. z o.o. * Overslagbedrijf Moerdijk BV * MCD Measure Connect Display AB * Altri Florestal * Howden Axial Fans * Warmeston * Ardor * Fram Renewable Fuels LLC * Dansk Fjernvarme * KBT Bioenergie Technologie GmbH * Biotrans * REPSOL * Aalborg Energie Technik and many more...

12+ Programme Hours | 8+ Networking Hours

Refreshments & Coffee Breaks | Business Lunches and Drinks
Case Studies | Panel Debates | Q&A
