**Subject: Urgent Follow-up on Our Appeal and Mineral Partnership Proposal**

Dear Members of the Foreign Affairs Committee,

I am writing to follow up on my previous letters regarding the plight of the Gambella people and our request for support in facilitating a political dialogue for a referendum on the independence and reunification of the Anyuak land. Given the gravity of the situation and the continued injustices our people face, we urge you to expedite addressing our concerns.

We understand that such matters require careful consideration; however, time is of the essence. Our people continue to face significant challenges, and swift action is necessary to prevent further suffering and injustice. As emphasized in our initial appeal, Denmark's support in this matter is crucial, and we trust that your esteemed committee will act urgently.

Furthermore, we wish to reiterate our proposal for a mutually beneficial partnership regarding the vast mineral and oil reserves within the Anyuak land. We stand ready to provide the Danish government with preferential access to these resources in exchange for your support in advocating for our cause. This partnership would benefit our people and serve Denmark's strategic and economic interests.

**THE UNITED PAANYWAA MOVEMENT  
U.P.M  
THE OFFICE OF CHAIRPERSON**

We kindly request an update on the progress of our appeal and the following steps to take moving forward. We remain available for further discussions to explore and finalize the details of this collaboration. So, let your esteemed government establish a special relationship with the Paanywaa people that is grounded in development cooperation.

We humbly request your assistance in the following areas:

1. **Security:** Support establishing a secure environment for our people, protecting them from further harm, and creating conditions for peace and stability.
2. **Education:** We should invest in education to equip our youth with the skills and knowledge they need to rebuild our region and contribute meaningfully to the world.
3. **Infrastructure:** Development of roads, access to clean water, and provision of electricity to lay the foundation for sustainable growth and improved livelihoods.

The United Paanywaa Movement is committed to overseeing the implementation of these development initiatives with transparency and accountability, ensuring that they directly benefit the people of Gambella, known as Paanywaa.

Your prompt response will be instrumental in ensuring justice and stability for the Gambella people. Thank you for your attention and support. We look forward to your swift response.

Sincerely,

**Morcen Ojwok Omot**  
Chairperson  
United Paanywaa Movement (UPM)
